EMPORMATECH SHEET

E, links have been it between the pecule of Vietnes and Americans oppose the war through numerous meetings and conferences. These meetings have taken place in Europe, Camada, Cobs and Southeast Asia and have included people from both the Democratic Republic of Vietnam (North Vietnam) and the Mational Libera-tion Front of SouthVietnam (now part of the Provi-

sional Revolutionary Government).

In these meetings the Vietnamese have always stressed a distinction between the U.S. government, whom they hold responsible for the policy of war, and the W.S.

people, whom they believe still value the goals upon which this country was founded-independence, justice, freedom and equality. This same distinction is evident to those Americans who have visited North Vietnam and found that even though the nation is armed to defend itself, the people are encouraged by their government to believe that the American people are basically decent and humane.

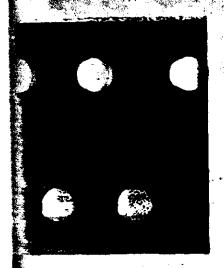

It is therefore understandable that the Vietnamese should indicate their hesic confidence in the American people through the peace movement which they believe embodies American ideals, rather than the government. And in the past, the Vietnamese have asked the peace movement to receive W.S. servicement-primarily pilots whose planes were shot down-when the Worth Vietnamese government has decided to release them. On three Separate occasions—February 1968, July 1968 and July 1969—the peace Rovement has gone to Manoi and returned with released servicemen; on the occasion an American peace activist went to Phnos Penh, Cambodia to receive three released MLP captives.

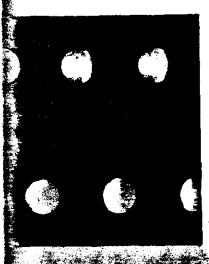

In addition, Americans visiting Manoi have frequently carried letters we at the request of families, and have brought book letters from There have also been occasions the n American peace activists pers and talked with t

Families are of course still free to send letters and parcels directly but should note that the instructions on siling previously issued by the State Department are wrong. The correct direct is:

requests for information about servicemen from families who are uncertain if their relatives are being held in North Vietnam. Requests should be submitted to the Committee, but there is no certainty when and if the North Vietnamese will be able to respond. The Committee will of course transmit immediately any information that it receives to the family.

Clerification

Two clarifications are in order: First, it should be noted that the Committee will be dealing wolely with the government of Borth Vietnam and will not have any information on men held in South Vietnam by the Provisional Revolutionary Government. Nor will we be able to provide information at this time concerning men held in Laos or any other Southeast Asian country where U.S. troops and aircraft are presently involved in combat missions.

Secondly, the Committee will function entirely spart from the U.S. government. The U.S. government has frequently made it more difficult for the Vietnamese to be open to the concerns of American families by using the families' genuine desires as a propaganda ploy. The government has further attempted to provoke an angry response from the Vietnamese by publicizing unsubstantiated and inflammatory testimony from fliers already released: apparently, the government has decided to jeopardize existing communications and the possibility of future releases for the sake of propaganda aimed at prolonging the war. The North Vietnamese are also very aware that the U.S. government's claims of humanitarian concerns are contradicted by the well-documented policy of torture and brutality practiced on prisoners taken in the South by U.S. and Saigon troops.

In addition to all these factors, there is the simple fact that the resolution of the fate of all the servicemen now held in North Vietnam waits ultimately upon a U.S. decision to end the war and withdraw all its forces and material.

Tho He Are

We firstly believe that the safe return of these men and the half sillion effects that the U.S. maintains in South Vietnam, Laos, Thailand and about neval vessels—who can also be viewed as prisoners, prisoners of their own government since many have been sent to fight in a war against the dictates of their own conscience—can only come with a decision as the part of the U.S. government to withdraw from Vietnam. Because of this conviction, we who are serving on this Committee will continue our efforts to create popular pressure strong enough to force the government to withdraw.

We are active in a variety of organizations committed to ending the wer: American Friends Service Committee, the New Mobilization Committee to End the Wer in Vietnem, Clargy and Laymen Concerned about Vietnem, Women Strike for Peace. The Conspiracy, and Momen Against Daddy War-bucks. The Committee is supported by donations from individuals and organizations, and welcomes any gifts to sustain its work.

Mrs stated that she sent the following message to the above Committee of Liaison under date of February 4, 1970:

"Sire:

you forwarded from my husband and the card with the brief message written I assume in December. I am looking forward to receiving my January letter.

United States of America"

She related that she had received the above-indicated correspondence from her husband, and presumably through the above-mentioned Committee of Liaison. She advised that although she is most anxious to continue to receive mail from her husband, she has no intention of sending mail to him through the Committee of Liaison.

On March 26, 1970, Reverend Ben Auffrage Buttern Chapaly 2020 Luckin Load, Virginia Beeck Virginia, contacted the Norfolk Division of the Federal Bureau of Investigation and advised as follows:

For some time he has been interested in methods of obtaining information concerning American prisoners of war held by the North Vietnamese. He stated that a number of wives of these prisoners reside in Virgina Beach, and are obviously quite concerned about their husbands' welfare, and are anxious to send their busbands mail and receive mail from them.

To is aware that Reverend RICHARD FERNANDEZ, a Congregationalist Minister in Philadelphia, Pennsylvania, is affiliated with an organization known as the Clergy and Laymen Concerned for Peace in Vietnam, 475 Riverside Drive, New York, New York.

Law

He learned of Reverend FERNANDEZ through

to request him to ask Reverend FERNANDEZ to have a meeting with Mr. and several other wives of American prisoners of war in an effort to determine if Reverend Fernandez could assist in any way in establishing lines of communication between the wives and the prisoners.

As a result, Reverend FERNANDEZ came to Virginia Beach, and he met with Reverend and several of these wives at the home of Hrs. He stated that Mrs. It is Area Coordinator of the National League of ramilies of American Prisoners in Southeast Asia.

At the meeting, which was held on March 24, 1970, a discussion ensued as to how Reverend FERNANDEZ could assist these wives in contacting their husbands. The wives present gave Reverend FERNANDEZ several letters which they requested him to attempt to deliver to their husbands inasmuch as he was going to Hanoi. Reverend FERNANDEZ stated that he felt that his visit to Hanoi would be productive, and he hoped that he would be successful in arranging for letters to be regularly exchanged between the wives and their husbands.

Reverend SUFFEY further stated that he has heard that CORA WEISS of the Women Strike for Peace is also affiliated with the Clergy and Laymen Concerned for Peace in Vietnem. (See page 125 for current interview of DUFFEY.)

interview of DUFFEY.)

The April 4, 1970, issue of "The Ledger-Star,"
a daily newspaper in Norfolk, Virginia, contains an
article which reads as follows:

"POW Wives Decline Husbands" Betters Seach announced Tuesday they will refuse to accept any more letters from their husbands forwarded from Vietnam by the Women's Strike for Peace committee.

The Two women said also that they plan to go April 21 to Geneva, Switzerland, in an effort to enlist the aid of the International Committee of the Red Cross.

They are Mrs. Arthur Doss, wife of Lt. Cmdr. Dale Doss, and Mrs. Sue Shuman, wife of Cmdr. Edwin Shuman. Their husbands agreement pilots who were flying together when shot down over North Vietnam and taken prisoners.

"Mrs. Doss told a news conference convened in a House of Representatives office building: "I can no longer allow my husband's precious letters to be used as a device for torture and torment' of U. S. prisoner of war wives.

"The Women's Strike for Peace is an organization headed by an American, Mrs. Cora Weiss. Mrs. Weiss visited North Vietnam last year at the invitation of a North Vietnamese women's organisation.

"Mrs. Weiss' Women's Strike for Peace has since become the only regular channel through which the North Wietnamese have been permitting communication between American prisoners of war and the POWS relatives in the United States.

April 28, 1970, Mrs.

In March, 1970, she became aware through the press media that Reverend RICHARD FERNANDEZ of the Clergy and Laymen Concerned for Peace in Vietnam was planning to visit Hanoi and talk with American prisoners of war. Because she is very anxious

to establish lines of communication between American prisoners of war and their families, the thought it hast to talk to Reverend FERNANDEZ.

She contacted Reperend BEN BUFFEY, who is acquainted with another minister who knows Reverend FERNANDEZ quite well. When the third party contacted Reverend FERNANDEZ, the latter said he was anxious to meet her. Mrs. Stated that she would be willing to fly to either Iniladelphia or New York to meet him. Reverend FERNANDEZ, however, told Reverend BUFFEY that he would come to Virginia Beach to meet with a few of the wives.

Hrs. then talked with Reverend FERNANDEZ and told him that there were about twenty wives in Virginia Beach and several more in Hampton, Virginia, who would be interested in talking with him. He said, however, that this was too great a number, so they then agreed on having about eight wives meet with him at Mrs. The home.

Reverend FERNANDEZ then came to and a meeting was held with him, Riverend and four other wives at Mrs.

The wives gave him several letters which they requested him to deliver to their husbands in North Vietnam, and he was also requested to attempt to obtain information on several men who were missing in action and on whom no definite word had been received as to whether they were prisoners or not. Reverend FERNANDEZ stated he would cooperate to the best of his ability to deliver the mail, obtain information concerning these men, and establish more effective lines for exchanging mail between the wives and their husbands.

Reverend FERNANDEZ stated that he felt bertain that he would be able to see some of the men being held prisoners. MF 100-6833 37

Reverend FERNANDEZ stated that he is fully aware of the lack of cooperation on the part of the Worth Vietnamese in regard to furnishing information on the prisoners of war, but he appeared to be optimistic in his dealings with them notwithstanding.

Reverend FERNANDEZ impressed Mrs. as being definitely "anti-war," but "certainly not anti-American."

bra

He stated he had never previously been to Hanoi, but that he had met the head of the North Vietnamese delegation in Paris.

Following this meeting, Reverend FERNANDEZ did so to Hanoi and he has since returned. Mrs. has not contacted him since that time, but she reals certain that he did not see her husband,

Reverend FERNANDEZ subsequently talked with whose husband, whose husband, that while in Hanoi he had talked with her husband and two other prisoners. He told her it was quite apparent that the three men were obviously prompted by their captors as to what her could say to him in the interview. He also told Mrs. that he talked to the North Vietnamese about the peace groups and the peace movement in the United States.

He'stated that the North Vietnamese told him that they felt that members of the peace groups were most representative of Americans today. The North Vietnamese stated they wanted representatives of peace groups to come to Manoi to see how the North Vietnamese live and how gentle they are.

that he planned to release the text of his interviews with the three prisoners to the news media, but has no knowledge that this has been done.

Reverend FERNANDEZ also mentioned that he is the bead of the Clergy and Laymen Concerned for Peace in Vietnam. He stated that Hanoi had formed this group and actually picked its members. He further commented that he has no respect for DAVID DELLINGER and RENE DAVIS sho are in that group, and he noted that there is a distinct lack of communication among the officials in that group. (Hrs. later advised that FERNANDEZ actually stated that Hanoi had formed COLIFAM and not the above group.)

Mrs. stated that she has not received any mail from her husband in the last several months.

and Mrs. wives of prisoners mentioned in the above newspaper article, were not present at her home during the meeting with Reverend FERNANDEZ. She stated that both of these women had been acting independently in their efforts to exchange mail with their husbands and obtain information concerning them, and are not cooperating in the group which Mrs. represents.

Mrs. State stated that she realizes that the Women Strike for Peace is obviously using the Mavy wives as a propaganda sounding board, but she personally hates to refuse their assistance inasmuch as they appear to have provided means of getting mail through.

Mrs. Mrs. advised as follows on May 28,

On May 17 and 75, 1970, she had telephonic convergations with Reverend RICHARD FERNANDEZ of the Clergy and Laymen Concerned for Peace in Vietnam.

During the first contact. Mrs.

Invited him to return
meet with various wives or prisoners or war in North
Vietnam as she felt that they would be interested in
hearing the results of his recent visit to Hanoi.

MF 100-6833 39

During a previous meeting with such wives in Virginia Beach, he had promised them that he would cooperate to the best of his ability to deliver mail to the prisoners which the wives had given him and obtain information concerning those prisoners as well as establish more effective channels for exchanging mail between the wives and their husbands.

During his appearance in Mrs. What had given Reverend FERNANDEZ the names of a men who were either prisoners of war or missing in action in North Vietnam. FERNANDEZ told Mrs. that he took the names of these men with him as well as the names of a considerable number of other possible prisoners of war. On arriving in Stockholm, Sweden, representatives of Hanoi had a list of 335 persons who were allegedly prisoners of war, and he was advised that all of these men had had opportunities to write letters to their relatives in the United States. On receiving that list, he consolidated Hanoi's list with his own list of names.

When FERNANDEZ arrived in Hanoi, he gave them the names of numerous men whose fate had not been indicated to him and whose names did not appear among the 335 prisoners. Hanoi, however, declined to furnish any information concerning those men.

FERNANDEZ related that he was unhappy over his treatment in Hanoi and stated he was denied permission to talk with the prison commander in Hanoi but had talked with a Commander Quat (phonetic) whose role was unknown to him.

FERNANDEZ stated that he did talk with three prisoners of war and these included a Harine, a member of the Air Force, and a member of the Navy, for three-fourths of an hour.

When he returned to the United States, he met with the Committee of Lieson with Families of Servicemen Detained in North Vietnam (COLIFAM) and during the ensuing discussion, it was agreed that Hanoi was not

living up to its agreement with COLIFAN because Hanoi was not giving the names of all of the prisoners of war and had failed to give information on some of the names on Mrs. The names of \$2.620

During the second contact, May 25, 1970, FERNANDEZ related that four students had just returned from Hanoi but had obtained no information of value on the prisoners of war. He told her that COLIFAM was having many internal problems. He then indicated that another group might go to Hanoi in July and that he would accompany such group. FERNANDEZ then suggested that perhaps Mrs. The might go along with him as his wife. She did not know if he was being facetious of not.

FERNANDEZ said that he was certain that Hanoi had many more prisoners of war than the 335 prisoners on the aforementioned list, and he again expressed extreme displeasure over his inability to see the prison commander.

FERNANDEZ said the three prisoners of war that he did see were obviously briefed as to what they could say, and he expressed displeasure about this.

Mrs. when he learned the date the July group planned to go to Hanoi so that he could take with him some letters from wives to their prisoner husbands.

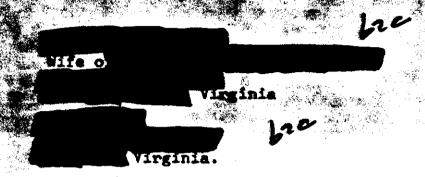

had brought back with him a letter for her from her husband dated February 27, 1970, which her husband had apparently written on January 2, 1970. She had received that letter several weeks ago.

She further indicated that she has had no contact with the WSTP and has no plans to contact that organization in the near future.

The wives gave FERNANDEZ several letters which they requested him to deliver to their husbands in North Vietnam, and he was also requested to endeavor to obtain information on several men who were missing in action and on whom no definite word had been received as to whether or not they were prisoners. FERNANDEZ stated he would cooperate to the best of his ability to deliver the mail, obtain information concerning the men, and establish more effective lines for exchanging mail between the wives and their husbands.

She stated that at the meeting with the wives, FERNANDEZ advised that Hanoi had formed COLIFAM and had actually selected its members. In fact, he stated this several times although he furnished no specific information in that regard.

FERNANDEZ had previously advised that he was the head of the Clergy and Laymen Concerned for Peace in Vietnam.

PERNANDEZ stated that Hanoi sends letters from the prisoners to COLIFAN and then COLIFAN sends the letters to the vives.

PERNAMDEZ can be reached at 3400 Baring Street, Philadelphia, Pennsylvania, telephone 215-EV7-4137. His New York telephone number is 212-749-8519.

Are also exted that on or about June 1, 1970, FERNANDEZ had called her and stated that he had met with STEWART MEACHAM, a member of COLIFAM. It was decided that three members of the American Friends Service Committee from Seattle would leave the early part of the second week in June, 1970, for Vietnam. One of those persons going was a KENNETH KILPATRICK, 814 Northwest 48th Street, Seattle, Washington.

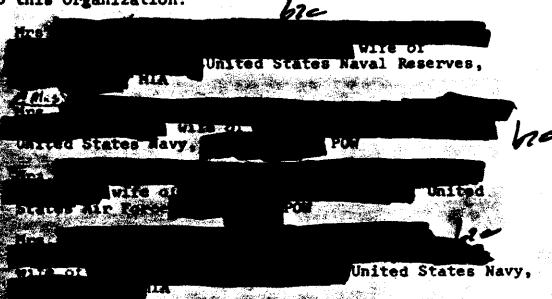

Wrs asked PERNANDEZ if this group was going over in an attempt to settle any differences between COLIFAM and Hanoi, but FERNANDEZ hedged on his answer.

further stated she recently sent further stated she recently sent fernances. These included known prisoners of war as well as several men missing in action. She wanted him to inquire as to why these particular prisoners of war had not written to their wives and also whether or not Hanoi had any definite information on those men missing in action.

She stated that FERNANDEZ told her he was not going to Hanoi on this particular occasion.

Mrs advised that a number of wives of prisoners of war (POW) and men missing in action (MIA) reside in the Norfolk - Virginia Beach area and most of them belong to an organization known as National League of Families of American Prisoners in Southeast Asia, whose headquarters are located in Washington, D. C., at #1 Constitution Avenue, Northeast, Washington, D. C.

Mrs. advised that the following local women belong to this organization:

As you know there has been a total bombing halt in North Vietnem for over a year, and yet, in spite of the promises of ambassacior Thuy, the North Vietnamese have repeated ly refused to even discuss a list of prisoners, inspection of camps, regular mail, AND immediate exchange of the sick and wounded. You speak of credibility in your letter to me - bow are us to believe anything that the North Vietnames government provides when most of our wives and mothers aren't even given the simple request of whether their husband or son is alive? To dony the basic human rights of individuals, is to divorce yourself from the civilized world, and no country, no matter what their beliefs went to be condemned by the nations of the world. I do hope on your trip into Hanoi that perhaps your group will be allowed to visit all the camps and all the prisoners. I believe this should be rather a simple request, If the men are being treated as humanely as they would have the world believe, Gratefully polosuro

Dear Priend.

I am happy to report that during my visit to North Vietnam between December 26, 1969, and January 9, 1970, I was able to deliver to the representatives of the Vietny (Viet Ham Committee for Solidarity with American People) about 500 letters that had been forwarded on to me by you and other family members of prisoners of war in North Vietnam.

Immediately prior to my departure from North Vietnam I was given 69 letters from 60 American prisoners of war, and in keeping with the North Vietnamese request these letters have been given to the

Committee of Lisison with Families of Service men detained in North Vietnam 365 W. 42nd Street New York, New York

for transmittal to the individual addressess. We at the American Friends Service Committee are pleased to have had a part in opening a channel for communication between the prisoners and their families and hope that this will continue.

You may be interested to know that during my visit to Morth Vietnam I was able to deliver a second contribution of open heart surgical equipment to the Benh Vien Viet-Duc Hospital in Hanoi in keeping with a long-stending Quaker concern for civilian sufferers on both sides of a war.

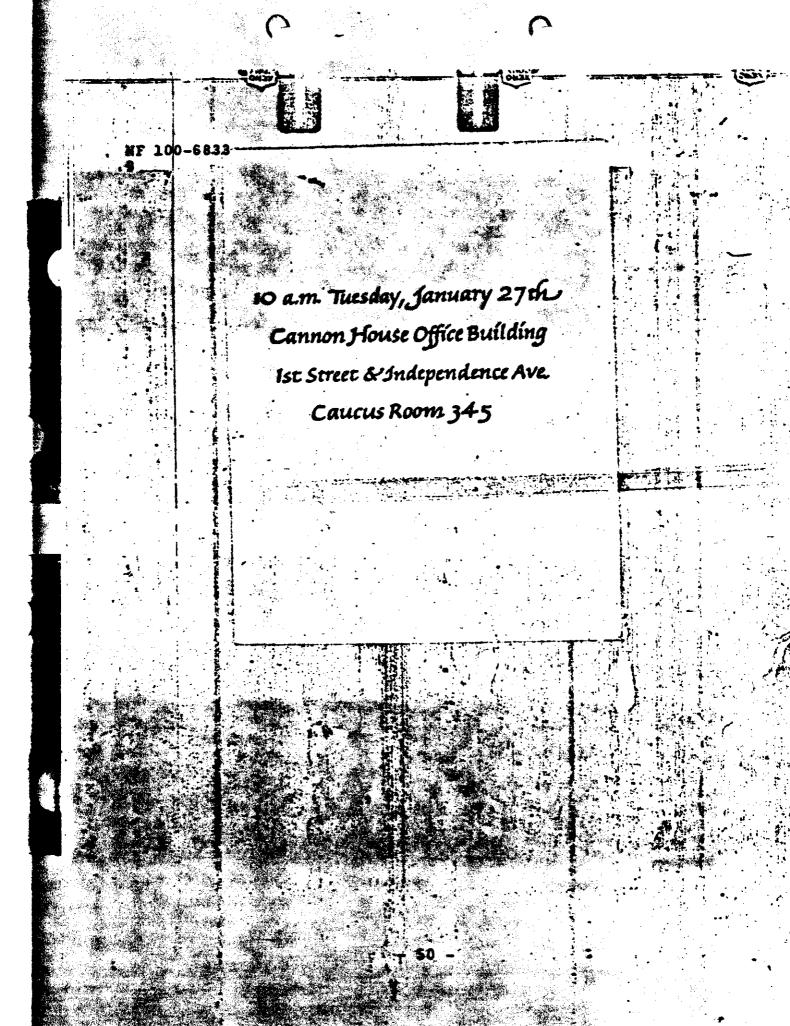

Following my departure from North Flatnam I traveled on to Quang Egai In South Flatnam to visit the American Friends Service Countitee (Quamer) pehabilitation project for civilian casualties.

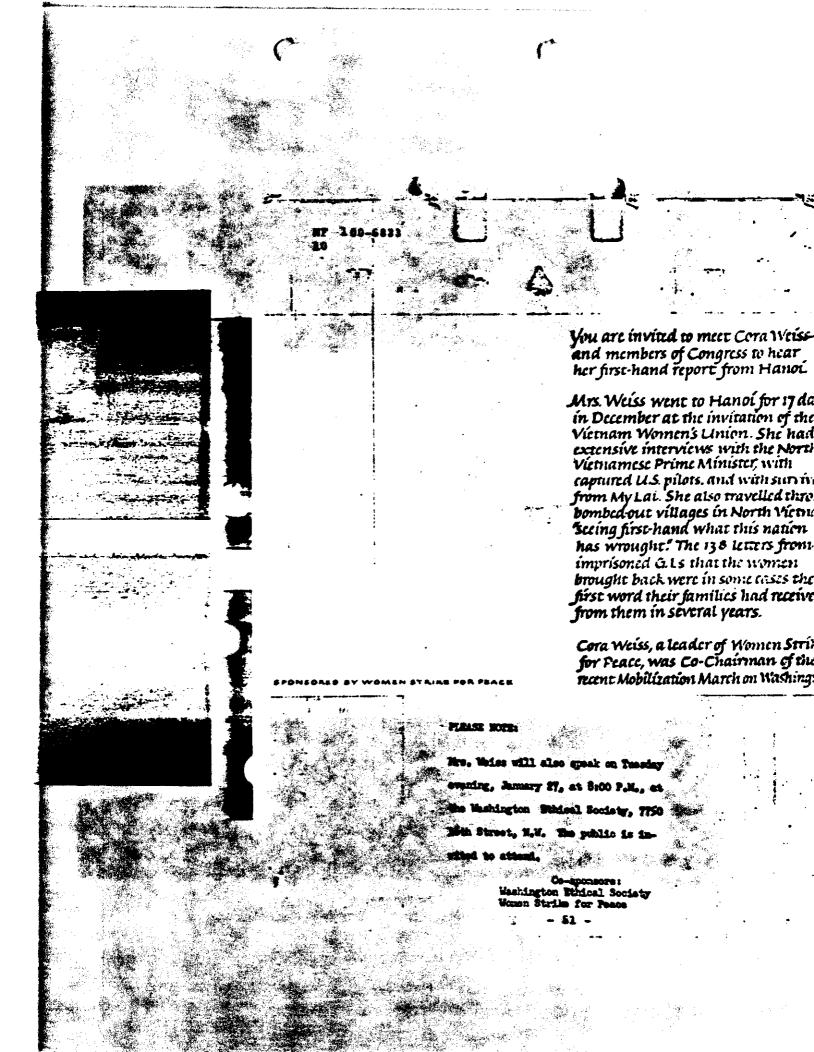

I have asked my colleagues in Philadelphia to mail this latter to you prior to my return to the United States, so that you might know more promptly that your latter has suffely arrived in Hanol and was given to the appropriate North Vietnamese suthorities with my specific request that it be delivered to the individual addresses.

From: Rev. Richard Fernandez To: The families of the 335 presently confirmed prisoners held in North Vietnam Re: Information on correspondence with prisoners

On April 20th I returned from a three-week trip to Leos and North Vietnam. In North Vietnam I spoke with officials responsible for communication between pilots beld in detention there and their families here. The following information was emphasized to me by the North Vietnamese authorities and we are anxious to make sure that you are aware of it:

- The Vietnamese recommend that families use the sir-letter form (enclosed) for correspondence.
- Communication to pilots should be limited to matters of family and health.
- Pilots are allowed to receive one letter per month and one package every other month (not over six pounds in weight).

Detention Camp authorities have said that they do not wish to receive several letters and/or packages per month for a given pilot from different members of the same family. Pamilics should make arrangements for elternating letters each month if different members

went to write.

the Borth Vietnamese authorities indicated that, from this point forward, they will not feel responsible for forwarding letters and packages that do not adher to the above.

If the letter form is mailed directly it can go in another envelope but the mail route, wis Moscow, U.S.S.R., should definitely be in-gluded in the address. If letters are sent to the Committee of Lisison for forwarding please enclose but do not affix stamps as we send letters ee in peckets. The Committee commot forward packages for familles.

While I was in Henei, Prof. Douglas Dow? of Cornell University and I met with three pilots: Cdr. Robert Schweitzer of Lemoore, California; Cdr. Walter Wilbur of Wirginia Beach and Lt. Col. Edison Miller of Santa Ana, California. The three men were in good health, and said they had daily exercise and reading material. The three pilots acvised us that they had been getting letters and packages from their

femilies, and saked that packages include toilet articles and canned foods. In particular they mentioned posp, shaving cream (no rezors or blades), toothpaste, powdered milk and oream, instant coffee and non-melting candy. They said they do not need clothes.

Also, in my discussions with the Vietnam Committee of Solidsrity with the American People, the Committee of Lisison's contact in North Vietnam, we confirmed that since December over 800 letters have been sent from Hanoi through the Committee of Lisison. Of those, 155 letters are still on their way from Hanoi to families here.

We hope that this information clarifies some aspects of correspondence for you. If you have any further questions please do not hesitate to contact us.

We assume that by this time you have received the letter from Morth Vietnam which was forwarded to you by members of our Committee. We are enclosing an Information Sheet which explains the work of the Committee of Lisison.

The North Vietnamese have said that prisoners will be able to receive and send one letter a month. As noted in the Information Sheet, you may send letters directly to North Vietnam (note the mail address and route). If you would like us to forward them for you, please enclose but do not affix stamps as we will be sending them on in packets. We are also enclosing a letter form which you might wish to use, whether you send it directly or through us. Prisoners can also receive one package, not over six pounds in weight, every other month.

To insure the safe and rapid delivery of mail from prisoners, the North Vietnamese will send periodic packets of letters through our office. The letters will then be dispatched immediately to the families to whom they are addressed.

The only way to meoure the eventual release of prisoners is through the decision by the United States to end the war. But in the meantime we are pleased to be able to assist in the communication between wen and their families. He hope to forward letters on to you again soon.

prisoners held in North Vietnam
Re: Information on correspondence with prisoners

On April 20th I returned from a three-week trip to Leos and North Vietnam. In North Vietnam I spoke with officials responsible for communication between pilots beld in detention there and their families here. The following information was emphasized to me by the North Vietnamese authorities and we are enxious to make sure that you are sware of it:

- 1) The Vietnamese recommend that families use the sir-letter form (enclosed) for correspondence.
- 2) Communication to pilots should be limited to matters of family and health.
- 3) Pilots are allowed to receive one letter per month and one package every other month (not over six pounds in weight).

Detention Camp authorities have said that they do not wish to receive several letters and/or packages per month for a given pilot from different members of the same family. Families should make arrangements for alternating letters each month if different members

went to write.

The North Vietnamese authorities indicated that, from this point forward, they will not feel responsible for forwarding letters and packages that do not adher to the above.

If the letter form is welled directly it can go in another envelope but the wall route, "via Noscow, N.S.S.R.," should definitely be included in the address. If letters are sent to the Committee of Lisisco for forwarding please enclose but so got affix stamps as we sent letters on in packets. The Committee cannot forward packages for families.

While I was in Hanol, Frof. Douglas Down of Cornell University and I

While I was in Hanoi, Prof. Douglas Doug of Cornell University and I not with three pilots: Odr. Robert Schweitzer of Lemoore, California; Cdr. Walter Wilbur of Virginia Beach and Lt. Col. Edison Miller of Santa Ana, California. The three wen were in good health, and said they had daily exercise and reading material. The three pilots advised us that they had been getting letters and packages from their

families, and saked that packages include toilet articles and canned foods. In particular they mentioned soap, shaving cream (no razors or blades), toothpaste, powdered milk and aream, instant coffee and non-melting candy. They said they do not need clothes.

Also, in my discussions with the Vietnam Committee of Solidarity with the American People, the Committee of Lisison's contact in North Vietnam, we confirmed that since December over 800 letters have been sent from Hanoi through the Committee of Lisison. Of those, 156 letters are still on their may from Hanoi to families here.

We hope that this information clarifies some aspects of correspondence for you. If you have any further questions please do not besitate to contact us.

She stated that she would accept mail from her husband through any means possible even if it is through COLIFAM.

She related that in the spring of 1969 several local wives of the prisoners of war met with Reverend RICHARD PERNANDEZ of COLIFAM at the home of Mrs.

In his remarks, FERNANDEZ gave the impression he was certainly more anti-war than anti-American. He expressed the opinion that the wives should attempt to effect communication with their husbands through Sweden "rather than this crap," meaning COLIFAM. He felt that Sweden would be more effective in getting a complete list of prisoners of war than any organization.

At the wives meeting, FERNANDEZ stated he felt that if he brought over 181 letters to alleged POWs, he would be able to bring back information on 181 men. She gave FERNANDEZ a letter to take to her husband; however, he refused to accept a picture of her husband. (In this regard, Mrs. stated that although she previously knew from the Navy that her husband was a POW, his name had not been released by Hanoi.)

FERNANDEZ related that the POW issue was not his main reason for going to Hanoi, but that he was mainly interested in locking into the church situation there. All of the wives who were at the meeting presented their cases to FERNANDEZ and asked him to make specific inquiries concerning husbands.

TERMANDEZ did not discuss the formation of COLIFAM and gave no Indication that it had been organized by Hanoi. He did not indicate how he happened to be associated with COLIFAM.

Mrs pointed out that after FERNANDEZ left

IN later want to Manoi via Stockholm, Sweden.

After his arrival there, she received a telephone call from Mrs.

ETHEL TAYLOR, who told her Manoi had released the name of her

busband as a prisoner.

Mrs. TAYLOR told Mrs. that she did not have any letter from her husband but that now that his name had been released, she would be getting a letter. After this, she received a letter from COLIFAM stating she would be getting some mail from her husband.

Mrs. stated that one week previously, she telephoned FERNANDEZ and asked him why she had not received a letter; and she stated he did not know why. He indicated, however, he would call STEWART MEACHAM of the American Friends Service Committee, who would have a Mr. KILPATRICK from that organization make a special request when KILPATRICK went to Hanoi.

Mrs. stated that the following persons were present at the meeting with FERNANDEZ at Mrs. home:

She stated thusband is in the Air Force and a POW, and she resides in

Sthel Teylor, a member of our newly-formed committee, which will facilitate communication between American servicemen held in Morth Vietham and their families, has asked us to contact you. We are enclosing an Information Sheet describing the Committee of Lisison.

January 27, 1970

We have also duplicated the enclosed letter form which you may wish to use in writing your relative. The North Vietnamese have said that prisoners can send and receive one letter per month and one package (not more than aix pounds in weight) every other month. Note the address and mail route given in the Information Sheet.

If you would like us to try to find out if your relative is a prisoner in North Vietnem, send his full name, service number and any details you have on when and where he was shot down. We will then transmit the inquiry to the North Vietnamese and are hopeful of receiving s response to every request made.

It is important to understand that there updoubtedly were many pilots whose planes were shot down but whom the North Vietnamese could not rescue, and that there are prisoners held by the Provisional Revolutionary Government in South Vietnes and by the Pathet Leo in Leos about whom we are not able to get information.

We understand your anguish in not knowing about your relative and we sincerely hope we can be f help in getting information about him for
